## ABOUT JORDAN FOSTER CONSTRUCTION

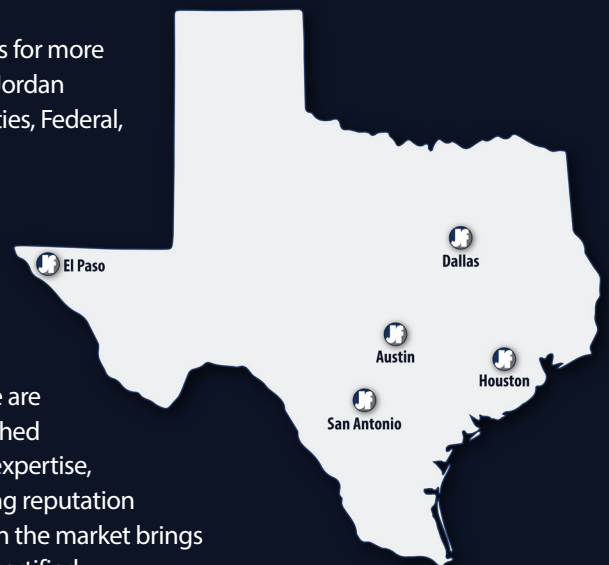

Founded in 1969, in El Paso, Jordan Foster Construction has been building Texas for more than 50 years. An award-winning, top-ranked leader in the construction industry, Jordan Foster has completed more than \$8 billion of K-12, Higher Education, Sports Facilities, Federal, Commercial, Residential, and Infrastructure & Concrete work since its inception.

Our people make the difference. Highly qualified and experienced, they know what it takes to be a premier construction company. We attract the best professionals in the market, and they're passionate about their work, building quality projects on time, and on budget.

**The Strength of Jordan Foster Construction** Financial strength and experience are hallmarks of the company, with a \$750-million bonding capacity. We have established relationships with the subcontractors within our markets, including their specific expertise, performance capabilities, manpower and quality. Jordan Foster has a long-standing reputation for fair treatment and timely payment to subcontractors and vendors. This status in the market brings lower prices and preferential performance to our projects. They are all third party certified.

**Self-Performance** Jordan Foster's Infrastructure & Concrete group is headquartered in El Paso, which gives us the ability to self-perform site work, site utilities, and concrete portions of the project. This allows greater control of the safety, quality, and scheduling of the work.

**Safety & Quality Control** Our advanced planning in the preconstruction phase gives us an edge in developing efficient site logistics. Detailed safety and quality control plans create efficient and safe work environments, which provides the ability to deliver projects right the first time. Jordan Foster was awarded STEP Gold Awards (Safety Through Exemplary Performance) from ABC for the past three years in a row, and won first place in AGC's National Construction Safety Excellence Award program repeatedly over the last decade.

## **The Power of Partnership**

■ Membership in Allied States Cooperative designates that all transactions are between the member and awarded vendor. The member deals directly with the awarded vendor. Allied States Cooperative requests that all orders generated by the member make reference to the ASC contract number for the benefit of the members, audits, and for tracking orders by the awarded vendors to verify ASC contract pricing.

■ Allied States Cooperative wants to know your satisfaction level with our awarded vendors. We can be easily contacted through our website. Visit our website for quick access to awarded contracts, awarded vendors, membership, contact information, and other details. You may search by contract name, commodity, or vendor name. Courtesy copies of purchase orders using Allied States Cooperative can be emailed, faxed, or mailed to Allied States Cooperative.
